

DONALD TRUMP IS CORRECT

A column.

VALENTIN BURA

Yes, there will be a bloodbath.

Have we already forgotten the COVID-19
bloodbath?

Six million people had to die, many on torturing
devices dubbed as “ventilators” while their
energy was being sucked out of them by
“energy channelers...”

And now that fucking wanker Rand Paul found
Dr. Fauci as a scapegoat.

What the fuck is wrong with the world??

Yes, Mr. Trump, it is highly likely you are correct.

So do as I'm saying right now, Mr. Trump.

I repeat, **do as I am saying:**

7-star to Silicon!! 7-star to Silicon!!

7-star to Silicon!!

I repeat, 7-star to Silicon!!

Honestly!!
