

WHY I AM NOT PRAYING FOR POPE LEO

A column.

VALENTIN BURA

Okay.

Would I get in trouble for paying my coffee with a three dollar bill...?? I must certainly expect some form of trouble for that particular type of action...

In the same way, the Lord in Heaven would chastise me for inducing people in a grave error...

Pope Leo the 14th is a doppelganger, and has been replaced during his visit in Africa.

As we can see from his legislative initiatives, he's there to weaken the institution of the Catholic Church and bring the Church to Schism.

Honestly!!
